THIS IS UNEVALUATED INFORMATION

25X1 Northern Yugoslavia.

1. Yugoslav Army recruits, who completed their term of military service in October 1949, have not yet been discharged. Recruiting continues but is not being carried out on a systematic basis of geographical districts. For example, 2000 recruits have been drafted from Krsko but, so far, no recruits have been called from Trebnje.
2. The 17th Division from Radovljica is stationed on the Yugoslav-Bulgarian border.
3. The Novo Mesto-Straza railroad line has been extended four kilometers between Polje and Gaberje, where a large underground supply depot is being built beneath Kulova Sela hill.
4. Two large aircraft hangars and four barracks have been built at the Cerklje airfield near Brezice, Slovenia, where 100 aircraft are now based. Local inhabitants allege that an unidentified type of American-made aircraft are being delivered from abroad to the Cerklje airfield.
5. Colonel Franci Kolar has been appointed Commander of the Slovene National Militia, because his predecessor has been sent to the Yugoslav General Staff training school. Kolar, a native of Kozje, is pro-Tito [redacted] and during 1941-42 was Party secretary at Trebelno.
